

G3 CASH CONTRACTS

Upfront price certainty. Increased cash flow.

Futures First contract

- Fix the futures price on your grain. Later, lock in the basis.
- An opportunity to earn \$5 per tonne of trust units in the Farmers Equity Trust.

How does it work?

You sign up a futures price, and lock in the basis at a later date. You can roll the futures month before the basis is locked in. Basis prices can be locked in until the end of the delivery month, but must be locked in prior to delivery. Basis prices can be withdrawn at any time and without notice.

Where do I find prices?

Contact your local G3 grain elevator for a price quote (www.g3.ca/contact-us).

Price lock-in

Obtain a real-time price quote by calling your G3 grain elevator.

Can I set a target price?

Through G3, you can set a futures or basis target price using real-time pricing. If the target price is reached during the daily pricing period, then the value will be locked in. Target pricing requests must be received by your G3 grain elevator by closing in order to receive next day target pricing.

Upfront price certainty. Increased cash flow.

How do I get paid?

You will be paid at the time of delivery, provided your contract is fully priced (both the futures and basis values are locked in).

Net payment = Futures +/- G3 basis

How do I deliver?

G3's asset network is growing

Contact your local G3 grain elevator to work out a delivery schedule. Visit www.g3.ca/contact-us to find the G3 facility closest to you.

How do I sign-up?

- Contact your local G3 grain elevator (www.g3.ca/contact-us)
